

BARACK OBAMA ---A FRESH FACE, A NEW KIND OF POLITICS

Barack on the Issues:

- * An early opponent of the Iraq War. Favors withdrawing all combat troops in 2008, in line with Iraq Study Group recommendations
- * As a member of Senate Foreign Relations Committee, is working to restore America's stature in the world community and to correct abuses like the genocide in Darfur
- * A leader in pushing for energy independence, working with Republicans for renewable fuels, cleaner coal
- * Believes we are failing America's school children; wants to improve schools through structural reform and additional resources
- * Promotes affordable, accessible, and high-quality health care for all and is a global leader in the fight against AIDS
- * As a member of the Senate Homeland Security and Governmental Affairs Committee, has introduced legislation to enhance disaster preparedness and strengthen security of America's chemical plants
- * As a civil rights worker and community activist, he has fought for the right of citizens to vote and make their voices heard
